

HILL SCHOOL

Dear Hill School Parents & Guardians–

I wanted to reach out to our Hill School community to let you know that I am here to support you and your student during this unprecedented time. We are all in this together. I will do everything that I can to provide the care and support needed, even outside of a typical school environment. As our families and students transition to the remote learning schedule, please know that the Hill School team is here to guide and support you to the best of our ability.

Here are some of the ways that the School Counseling Program will support you at home:

1. Information, lessons, and activities will be uploaded to the counselors resources page under the remote learning section on our website.
2. I will periodically send out links to social/emotional learning that can take place right at home. The links will include a video and discussion items for your student.
3. I will send information about community food banks, resources, etc.
4. I will be available to communicate with students and families via email at msuttonsears@hillschool.org and virtually. Please email me to request a virtual appointment. I am available Monday-Thursday from 12:00pm-3:00pm via Teams. If a crisis occurs please reach out to me immediately. We are currently working on navigating other appropriate means of communication (i.e. social skills lessons, small groups, etc.). I look forward to sharing more information with you soon.

Please feel free to contact me with any questions or concerns.

Stay Well!

Mary Sutton-Sears

School Counselor
