

HILL SCHOOL

Hill School End of Year

[HILL SCHOOL WEDNESDAY, JUNE 3, 2020](#)

Dear Hill School Parents,

We made it! Congratulations on a wonderful ending of the 2019-2020 school year! All of us at Hill School appreciate your perseverance and your ability to be flexible during the last several months. Our students were amazing, and you were amazing. Thank you!

Faculty are hard at work on report cards which should be completed next week. They are putting in extra time this week to analyze grades and review student performance, taking into consideration the material covered during remote learning.

Hill School will follow the guidance Gov. Abbott provides and the state requires for schools to re-open for the new school year. The school leadership team is developing several plans which will allow for a return to campus, knowing that every aspect of our school will require modifications based on guidance from health officials. Specific decisions and additional plans regarding the 2020-2021 school year will be finalized over the next few weeks and then shared with you. Regardless of how we open, the mission of Hill School remains the same: we provide progressive educational services in a safe and student-centered environment for bright, motivated students who learn differently.

With summer upon us, it's important for your students to look for ways to engage in stimulating activities during the break. Refer to the remote learning page of the website where you will soon find a number of continued learning recommendations. Of course, the best thing you can do is continue to encourage your student to read during the summer months!

Thank you again for your amazing support. Enjoy your summer!

Sincerely,

Roxann Breyer
Head of School
