

## **Middle School (7-8) and Upper School (9-12) Carpool Pick-up and Drop-off Locations**

Please be aware of the traffic restrictions on Martin Lydon. This is a ONE-WAY street during typical drop off and pick up hours. We realize traffic can get congested with our South Hills Elementary School neighbors; let's try to keep all the children safe.

### **Drop Off – Enter from Martin Lydon & Exit onto Odessa Avenue**

Middle School and Upper School will be dropped at the double doors that lead into the cafetorium/gymnasium. Middle School students will go into the cafetorium; Upper School students will go into the gymnasium. **\*all students must be dropped off wearing a mask and parents will not be allowed in the building\***

### **Pick Up - North End of the Building (Corner of Bilglade and Odessa Avenue)**

Please wait in one of the two carpool lines to pick up your student and advance as the line permits.

The porte cochere is the designated “pick-up” area. Please stop under the porte cochere to pick up your student. Do not pick students up earlier in the line and then attempt to drive away through the middle of the line.

Please do not remain under the porte cochere if your student is not readily visible and heading towards the car; waiting in the designated pick-up area stalls those behind you and may cause others to be late picking up multiple students at multiple schools. If your student is not ready/present, please pull far ahead or park in a spot off to your left—a teacher/supervisor will walk your student to the car as soon as he or she arrives.

**Do NOT park in the parking lot**, then walk across the lot to get your student. This is very dangerous because we have student drivers. Students must be picked up from the car pool lines. Students will be asked to remain on the sidewalk until their vehicle is stopped under the porte cochere. *Four teachers are on duty to ensure a smooth dismissal process and oversee student safety.*

**Please drive slowly** and be vigilant for high school students crossing to their vehicles as well as new drivers leaving the parking lot.

**Cell phone use is prohibited.** Students must load from the curb side only and may not change drivers.

Please be patient as we all become familiar with procedures, directions, and one another.

**PLEASE OBEY THE TRAFFIC ORDINANCE—YOU MUST TURN RIGHT WHEN EXITING ONTO BILGLADE.**

*\*Note: Students will wear a mask and be physically distanced for carpool during this time. Please be patient and flexible with us as we streamline our system. Thank you for understanding.*

Pick-up Line 7-12 (North End of Building)

Odessa Avenue
